Für gute Arbeitsbedingungen
auf dem deutschen Arbeitsmarkt

For good working conditions
on the German job market

**Arbeit und
Leben**

The Advisory Network Decent Work is a
Service of Arbeit und Leben DGB/VHS

We advocate good working conditions and
fair wages in the German job market.

Our services are available to mobile
employees who work in Germany:

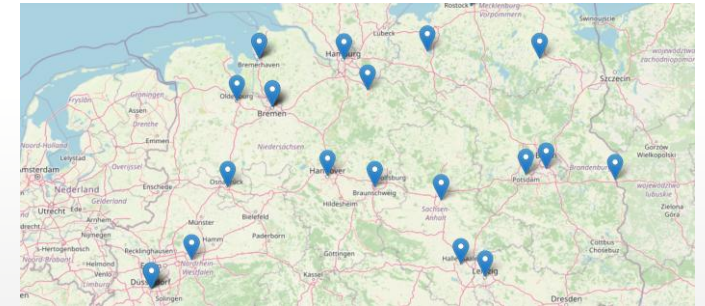

- with an employment contract with
a German or foreign company
- as a pseudo self-employed person
with a trade
- with only a verbal employment
contract and without social insurance

We support mobile employees, mainly from
European countries, on all questions concerning
work, especially on the following topics:

- Employment contract
- Wages, fair pay
- Working conditions (occupational safety
and health, maternity rights, working hours,
vacation time and paid time off)
- Protection against wrongful dismissal

This advice is confidential and free of charge.
